Friday October 22 2021

8.30am to 12.30pm

Cube Theatre,

Bunbury Regional Entertainment Centre

Register: www.swdc.wa.gov.au

Tickets \$30 + plus surcharge

Organised by:

Further Details Overleaf >>

This event has been designed to inform thinking about education models and pathways in industry 4.0 technologies.

You are invited to attend and find out what is needed to support local industry in the future. Come along to this forum and hear from industry experts about advancements in technology and the future direction of robotics.

Through initiatives such as the South West Advanced Manufacturing and Technology Hub (SW AMTECH), we are laying the groundwork for the jobs of the future.

With local schools, TAFE, university and industry on board, we can create the pipeline of talent we need to support evolving industry needs, right here in the region.

By equipping locals with the skills needed to support industry in the years ahead, we will unlock new opportunities for rewarding careers for current South West residents and the future generations.

That's why we plan for tomorrow, today.

Program

- **8.30am – Arrival and Networking**
- **9.00am – Welcome to Country** - *Phyllis Bennell*, Elder
- **9.10am – Welcome** - *Hon Don Punch* MLA, Member for Bunbury
